Additionally, pursuant to Rule 1846.2, CHRB 1846.3 requires the trainer shall, at least 24 hours prior to the examination, submit to a regulatory veterinarian, using a form prescribed by the Board, the veterinary treatment and training records for the previous 60 days.

These forms are available from the Official Vet and on the CHRB website (chrb.ca.gov) under the Veterinary tab. Complete language of these rules is also available on the website.

ATTENTION HORSEMEN: During morning training, when the warning system has been activated, all riders must immediately slow their horse to a jog, giving the outrider and any loose or injured horse the maximum amount of track space possible, to maintain safety. The warning system shall stay activated until the situation has been contained and the track has been cleared by the outrider and deemed safe to resume normal

training. Only when the warning system has been deactivated may a rider resume normal training.
